#### B. The Board's Analysis and Recommendations

The Board did not receive any submissions regarding the proposed rates of duty or Nomenclature for Chapter 48.

\* Indicates that goods under the present tariff item are classified only to this Chapter.

With respect to rates, an examination of the concordance revealed a number of changes which met the Board's criteria for restoration of the current Customs Tariff rates. However, in the case of 4804.11.00, 4810.31.10 and 4810.32.10, the changes resulted from an incorrect concordance to tariff item 19700-3 with an MFN rate of 9.2 p.c. ad valorem. The concordance should have been, more properly, with tariff items 19700-7 and 19700-8, as the case may be, with the MFN rate of 6.5 p.c. ad valorem shown in either case in the draft Schedule. Furthermore, it is pointed out, goods of tariff item 19800-1, not for the end use purposes of 4810.11.11.00, should not have been so concurred. Rather, they should have been allocated to 4810.11.19.00. In any event, the criteria do not apply, and restoration is not recommended. For the remainder, where the criteria for restoration are met, the Board makes the following recommendations:

			MFN Rate

The Board also recommends that the error in the MFN rate of subheading 4823.51 be corrected. The rate is shown as 8% ad valorem and should be changed to 9.2%.

The Board further recommends the following adjustments to the Legal Notes at the beginning of the Chapter to correspond to the current official text of the HS.

In the English text of Legal Note 1(c) replace "of Chapter 33" by "(Chapter 33)".

In the English text of Legal Note 1(d) replace "of heading No. 34.01" and "of heading No. 34.05" by "(heading No. 34.01)" and "(heading No. 34.05)".

In the English text of Legal Note 1(ij) replace "of Section XI" by "(Section XI)".

In the English text of Legal Note 1(l) replace "of heading No. 68.05" and "of heading No. 68.14" by "(heading No. 68.05)" and "(heading No. 68.14)"; and add a hyphen (-) after the second "paper".

In the English text of Legal Note 1(m) replace "of Section XV" by "(Section XV)".

In the English text of Legal Note 3, lines 5 and 6, replace "/m<sup>2</sup>" by "per square metre" in both instances.

In the English text of Legal Note 4(b) replace "over" by "more than".

In the English text of Legal Note 4(c) replace "over 3 %" by "more than 3 %"; and replace "60 % or over" by "60 % or more".

In the English text of Legal Note 4(d), line 2, replace "under 60 %" by "less than 60 %".

In the English text of the second Legal Note 4(b)2, line 2, add "an" after "and".

In the paragraph before Legal Note 5, in the English text, lines 1 and 2, replace "and" by "or" in both instances.

In the English text of Legal Note 7(b), line 2, replace "in unfolded state" by "in the unfolded state".

In the English text of Legal Note 8, line 1, add "s" to "purpose".

In the English text of Legal Note 8(a), line 2, replace ";" by ":".

In the English text of Legal Note 8(a)iv, line 2, replace "." by ";".

In the English text of Legal Note 11, line 4, replace "are to be classified" by "fall".

In the English text of Subheading Legal Note 1, line 1, add "s" to "purpose"; and on line 3 add "by" after "80 %".

In the English text of Subheading Legal Notes 2 and 3, line 1, add "s" to "purpose".

In the English text of Subheading Legal Note 4, line 1, add "s" to "purpose"; and on line 4 replace "ratio" by "index".

In the English text of Subheading Legal Note 5, line 1, add "s" to "purpose".

Insofar as the Nomenclature is concerned, it is observed that the reference in this Chapter to "not cut to size or shape" tends to be misleading for the following reasons:

- a) The definition of the expression in the draft's Supplementary Note gives size criteria for paper in sheets but none for paper in rolls. Various processes appear to be the only factors used to determine whether or not a paper in roll is to be considered "not cut to size or shape". It does not seem appropriate to refer to a product as being "not cut to size or shape" when size or shape are not factors in the definition.
- b) In the HS, the meaning of the expression "cut to size" (used in three headings) is different from that proposed at the tariff level. Within Chapter 48, the concept of "cut to size" would therefore have two meanings depending on the level (HS or tariff) referred. This difference would be the source of confusion for users of the tariff as the scope of a number of headings in the HS is already restricted as to size by virtue of Legal Note 7.

The Board therefore recommends the use of a different expression to refer to the products mentioned in the draft's Supplementary Note. It should be noted that no change in scope results from the change in text.

The Board proposes the following Canadian Legal Note 1:

Canadian Legal Note 1

"For the purposes of this Chapter, the expression "not converted" means

a) in the case of rolls of paper or paperboard, rolls which are the direct output of a paper-making machine and which have not been punched, perforated, scored, ruled, printed, folded, embossed, decorated or otherwise processed (excluding creped or crinkled);

b) in the case of sheets of paper or paperboard, rectangular (including square) sheets with one side exceeding 43 cm and the other side exceeding 56 cm in unfolded state and which have not been slit, punched, perforated, scored, ruled, printed, folded, embossed, decorated or otherwise processed."

The expression "converted" means paper and paperboard not meeting the definition of "not converted" above and which are not excluded from specific headings by virtue of Legal Note 2 with respect to processes or Legal Note 7 with respect to dimension".

To assure proper administration of new tariff item No. 4820.90.10.00, the Board recommends the following Canadian Legal Note 2:

Canadian Legal Note 2

"For the purposes of tariff item No. 4820.90.10.00, the expression "book cover" refers only to covers for books included in the curriculum of any university, college or school in Canada for use as text books or as works of reference, including atlases, almanacs, encyclopedia and gazetteers but excluding dictionaries."

The Board further recommends that the following footnote (1) be inserted against the appropriate classes:

2. Subject to the provisions of Note 6, heading Nos. 48.01 to 48.05 include paper and paperboard which have been subjected to calendering, super-calendering, glazing or similar finishing, false water-marking or surface sizing, and also paper, paperboard, cellulose wadding and webs of cellulose fibres, coloured or marbled throughout the mass by any method. Except where heading No. 48.03 otherwise requires, these headings do not apply to paper, paperboard, cellulose wadding and webs of cellulose fibres which have been otherwise processed, for example, by coating or impregnation.
3. In this Chapter the expression "newsprint" means uncoated paper of a kind used for the printing of newspapers, of which not less than 65 % by weight of the total fibre content consists of wood fibres obtained by a mechanical process, unsized or very lightly sized, having a smoothness on each side not exceeding 200 seconds Bekk, weighing not less than 40 g per square metre and not more than 57 g per square metre and having an ash content by weight not exceeding 8 %.
4. In addition to hand-made paper and paperboard, heading No. 48.02 covers only paper and paperboard made mainly from bleached pulp or from pulp obtained by a mechanical process and satisfying any of the following criteria:

For paper or paperboard weighing not more than 150 g/m<sup>2</sup>:

For paper or paperboard weighing more than  $150 \text{ g/m}^2$ :

- (a) coloured throughout the mass; or
- (b) having a brightness of 60 % or more (\*), and
  - 1. a caliper of 225 micrometres (microns) or less, or
  - 2. a caliper more than 225 micrometres (microns) but not more than 508 micrometres (microns) and an ash content more than 3 %; or
- (c) having a brightness of less than 60 % (\*), a caliper of 254 micrometres (microns) or less and an ash content more than 8 %.

Heading No. 48.02 does not, however, cover filter paper or paperboard (including tea-bag paper) or felt paper or paperboard.

- 5. In this Chapter "kraft paper and paperboard" means paper and paperboard of which not less than 80 % by weight of the total fibre content consists of fibres obtained by the chemical sulphate or soda processes.
- 6. Paper, paperboard, cellulose wadding and webs of cellulose fibres answering to a description in two or more of the heading Nos. 48.01 to 48.11 are to be classified under that one of such headings which occurs last in numerical order in the Nomenclature.
- 7. Heading Nos. 48.01, 48.02, 48.04 to 48.08, 48.10 and 48.11 apply only to paper, paperboard, cellulose wadding and webs of cellulose fibres:
  - (a) in strips or rolls of a width exceeding 15 cm; or
  - (b) in rectangular (including square) sheets with one side exceeding 36 cm and the other side exceeding 15 cm in the unfolded state.

Except that hand-made paper and paperboard in any size or shape as made directly and having all its edges deckled remains classified, subject to the provision of Note 6, in heading No. 48.02.

(\*) Brightness is to be measured by the Elrepho, GE or any equivalent internationally recognized brightness testing method.

8. For the purposes of heading No. 48.14, the expression "wallpaper and similar wall coverings" applies only to:

(a) Paper in rolls, of a width of not less than 45 cm and not more than 160 cm, suitable for wall or ceiling decoration:

(ii) With an uneven surface resulting from the incorporation of particles of wood, straw, etc.;

(iii) Coated or covered on the face side with plastics, the plastic layer being grained, embossed, coloured, design-printed or otherwise decorated; or

(iv) Covered on the face side with plaiting material, whether or not bound together in parallel strands or woven;

(b) Borders and friezes, of paper, treated as above, whether or not in rolls, suitable for wall or ceiling decoration;

Products on a base of paper or paperboard, suitable for use both as floor coverings and as wall coverings are to be classified in heading No. 48.15.

9. Heading No. 48.20 does not cover loose sheets or cards, cut to size, whether or not printed, embossed or perforated.

10. Heading No. 48.23 applies, inter alia, to perforated paper or paperboard cards for Jacquard or similar machines and paper lace.

11. Except for the goods of heading No. 48.14 or 48.21, paper, paperboard, cellulose wadding and articles thereof, printed with motifs, characters or pictorial representations, which are not merely incidental to the primary use of the goods, fall in Chapter 49.

#### Canadian Legal Notes.

1. For the purposes of this Chapter, the expression "not converted" means:

- (a) In the case of rolls of paper or paperboard, rolls which are the direct output of a paper-making machine and which have not been punched, perforated, scored, ruled, printed, folded, embossed, decorated or otherwise processed (excluding creped or crinkled);
- (b) In the case of sheets of paper or paperboard, rectangular (including square) sheets with one side exceeding 43 cm and the other side exceeding 56 cm in unfolded state and which have not been slit, punched, perforated, scored, ruled, printed, folded, embossed, decorated or otherwise processed.

The expression "converted" means paper and paperboard not meeting the definition of "not converted" above and which are not excluded from specific headings by virtue of Legal Note 2 with respect to processes or Legal Note 7 with respect to dimension.

2. For the purposes of tariff item No. 4820.90.10.00, the expression "book covers" refers only to covers for books included in the curriculum of any university, college or school in Canada for use as text books or as works of reference including atlases, almanacs, encyclopaediae and gazetteers but excluding dictionaries.

2. Subject to the provisions of Note 6, heading Nos. 48.01 to 48.05 include paper and paperboard which have been subjected to calendering, super-calendering, glazing or similar finishing, false water-marking or surface sizing, and also paper, paperboard, cellulose wadding and webs of cellulose fibres, coloured or marbled throughout the mass by any method. Except where heading No. 48.03 otherwise requires, these headings do not apply to paper, paperboard, cellulose wadding and webs of cellulose fibres which have been otherwise processed, for example, by coating or impregnation.
3. In this Chapter the expression "newsprint" means uncoated paper of a kind used for the printing of newspapers, of which not less than 65% by weight of the total fibre content consists of wood fibres obtained by a mechanical process, unsized or very lightly sized, having a smoothness on each side not exceeding 200 seconds Bekk, weighing not less than 40g/m<sup>2</sup> and not more than 57g/m<sup>2</sup> and having an ash content by weight not exceeding 8%.
4. In addition to hand-made paper and paperboard, heading No. 48.02 covers only paper and paperboard made mainly from bleached pulp or from pulp obtained by a mechanical process and satisfying any of the following criteria:

For paper or paperboard weighing not more than 150g/m<sup>2</sup>:

- (e) containing 3% ash or less, having a brightness of 60% or more (\*) and a burst index equal to or less than 2.5kPa/g/m<sup>2</sup>.

For paper or paperboard weighing more than 150g/m<sup>2</sup>:

- (a) coloured throughout the mass; or
- (b) having a brightness of 60% or more (\*), and
  - 1. a caliper of 225 micrometres (microns) or less, or
  - 2. a caliper more than 225 micrometres (microns) but not more than 508 micrometres (microns) and ash content more than 3%; or
- (c) having a brightness of less than 60% (\*), a caliper of 254 micrometres (microns) or less and an ash content more than 8%.

Heading No. 48.02 does not, however, cover filter paper and paperboard (including tea-bag paper) or felt paper and paperboard.

- 5. In this Chapter "kraft paper and paperboard" means paper and paperboard of which not less than 80% by weight of the total fibre content consists of fibres obtained by the chemical sulphate or soda processes.
- 6. Paper, paperboard, cellulose wadding and webs of cellulose fibres answering to a description in two or more of the heading Nos. 48.01 to 48.11 are to be classified under that one of such headings which occurs last in numerical order in the Nomenclature.
- 7. Heading Nos. 48.01, 48.02, 48.04 to 48.08, 48.10 and 48.11 apply only to paper, paperboard, cellulose wadding and webs of cellulose fibres:
  - (a) in strips or rolls of a width exceeding 15cm; or
  - (b) in rectangular (including square) sheets with one side exceeding 36cm and the other side exceeding 15cm in unfolded state.

Except that hand-made paper and paperboard in any size or shape as made directly and having all its edges deckled remains classified, subject to the provisions of Note 6, in heading No. 48.02.

- 8. For the purpose of heading No. 48.14, the expression "wallpaper and similar wall coverings" applies only to:
  - (a) Paper in rolls, of a width of not less than 45cm and not more than 160cm, suitable for wall or ceiling decoration;

    - (ii) With an uneven surface resulting from the incorporation of particles of wood, straw, etc.;
    - (iii) Coated or covered on the face side with plastics, the plastic layer being grained, embossed, coloured, design-printed or otherwise decorated; or
    - (iv) Covered on the face side with plaiting material, whether or not bound together in parallel strands or woven.
  - (b) Borders and friezes, of paper, treated as above, whether or not in rolls, suitable for wall or ceiling decoration;

(\*) Brightness is to be measured by the Elrepho, GE or any equivalent internationally recognized brightness testing method.

- (c) Wall coverings of paper made up of several panels, in rolls or sheets, printed so as to make up a scene, design or motif when applied to a wall.

Products on a base of paper or paperboard, suitable for use both as floor coverings and as wall coverings are to be classified in heading No. 48.15.

9. Heading No. 48.20 does not cover loose sheets or cards, cut to size, whether or not printed, embossed or perforated.
10. Heading No. 48.23 applies, *inter alia*, to perforated paper or paperboard cards for Jacquard or similar machines and paper lace.
11. Except for the goods of heading No. 48.14 or 48.21, paper, paperboard, cellulose wadding and articles thereof, printed with motifs, characters or pictorial representations, which are not merely incidental to the primary use of the goods, are to be classified in Chapter 49.

#### Subheading Notes.

1. For the purpose of subheading Nos. 4804.11 and 4804.19, "kraftliner" means machine-finished or machine-glazed paper and paperboard, of which not less than 80% weight of the total fibre content consists of wood fibres obtained by the chemical sulphate or soda processes, in rolls, weighing more than 115g/m<sup>2</sup> and having a minimum Mullen bursting strength as indicated in the following table or the linearly interpolated or extrapolated equivalent for any other weight.

Weight g/m <sup>2</sup>	Minimum Mullen bursting strength kPa
115	393
125	417
200	637
300	824
400	961

2. For the purpose of subheading Nos. 4804.21 and 4804.29, "sack kraft paper" means machine-finished paper, of which not less than 80% by weight of the total fibre content consists of fibres obtained by the chemical sulphate or soda processes, in rolls, weighing not less than 60g/m<sup>2</sup> but not more than 115g/m<sup>2</sup> and meeting one of the following sets of specifications:

- Having a Mullen burst index of not less than 38 and a stretch factor of more than 4.5% in the cross direction and of more than 2% in the machine direction.
- Having minima for tear and tensile as indicated in the following table or the linearly interpolated equivalent for any other weight:

Weight g/m <sup>2</sup>	Minimum tear mN		Minimum tensile kN/m	
	Machine direction	Machine direction plus cross direction	Cross direction	Machine direction plus cross direction
60	700	1,510	1.9	6

3. For the purpose of subheading 4805.10, "semi-chemical fluting paper" means paper, in rolls, of which not less than 65% by weight of the total fibre content consists of unbleached hardwood fibres obtained by a semi-chemical pulping process, and having a CMT 60 (Concora Medium Test with 60 minutes of conditioning) crush resistance exceeding 20kgf at 50% relative humidity, at 23°C.
4. For the purpose of subheading 4805.30 "sulphite wrapping paper" means machine-glazed paper, of which more than 40% by weight of the total fibre content consists of wood fibres obtained by the chemical sulphite process, having an ash content not exceeding 8% and having a Mullen burst ratio of not less than 15.
5. For the purpose of subheading 4810.21, "light-weight coated paper" means

paper, coated on both sides, of a total weight not exceeding 72g/m<sup>2</sup>, with a coating weight not exceeding 15g/m<sup>2</sup> per side, on a base of which not less than 50% by weight of the total fibre content consists of wood fibres obtained by a mechanical process.

#### Supplementary Note

1. For the purpose of this Chapter "not cut to size or shape" means:

- (a) in the case of rolls of paper or paperboard, rolls that are the output of a paper-making machine and that have not been punched, perforated, scored, ruled, printed, folded, embossed, decorated or otherwise converted; and
- (b) in the case of sheets of paper or paperboard, rectangular sheets 43cm by 56cm or larger that have not been slit, punched, perforated, scored, ruled, printed, folded, embossed, decorated or otherwise converted.

#### B. The Board's Analysis and Recommendations

The Board did not receive any submissions regarding proposed Chapter 49.

In order to assure uniform application of heading No. 49.02 and subheading No. 4911.10, the Board recommends the two following Canadian Legal Notes:

##### Canadian Legal Note 1

"In heading No. 49.02, "newspapers, journals and periodicals" means publications issued in a continuous series under the same title published at regular intervals, each issue being dated and also frequently numbered. They usually consist essentially of reading matter of general interest or on subjects of a specialized nature or sectional interest but may also be profusely illustrated and may even consist mainly of pictorial matter. They may contain advertizing material.

Supplements or sections of newspapers, whether or not essentially devoted to advertizing, are excluded unless they are imported with the newspaper and are intended to form an integral part thereof or unless, in the case of those not essentially devoted to advertizing, they, by themselves, constitute newspapers, journals or periodicals.

Separate printed sheets with texts and pictures constituting identifiable parts of periodicals are considered to be periodicals."

---

\* Indicates that goods under the present tariff item are classified only to this Chapter.

## Canadian Legal Note 2

"Subheading No. 4911.10 includes tourist literature in the form of brochures, pamphlets or leaflets, whether or not issued by governments, boards of trade, chambers of commerce or automobile or similar associations. The subheading also covers rates and timetables issued by transportation companies".

In its review of the proposed rates, the Board found that various goods which enter under current tariff items 17100-1, 17800-6 and 18200-2, subject to rates of duty which range from 5 p.c. to 20 p.c., will enter under the HS at a rate of Free. Further study showed, however, that at the present time all of these goods benefit from a Duty Remission Order so that in effect the proposed rates of Free reflect the current actual situation, while removing the paper burden and cost of the duty remission program. The Board supports this proposal.

Analysis also revealed the possibility that some "unused" postage, revenue or similar stamps which currently enter under tariff item 69202-1 at a rate of Free will become dutiable at 11.3% under HS 4907.00.00.00. In as much as this involved close to \$1 million of trade in 1980-82 the Board recommends restoration of the Free rate in the following manner:

### MFN Rate

Delete the rates of duty under 4907.00.00.00 and add the following:

4907.00.10.00	---Postage, revenue and similar stamps . . . .	-	Free
4907.00.90.00	---Other . . . . .	-	11.3%

The Board further recommends the following adjustments to the Legal Notes at the beginning of the Chapter to correspond to the current official text of the HS.

In the English text of Legal Note 1(a) replace "of Chapter 37 " by "(Chapter 37)".

In the French text of Legal Note 1(a) replace "ou" by "et".

In the English text of Legal Note 1(b) replace "of heading No. 90.23" by "(heading No. 90.23)".

In the French text of Legal Note 1(c) remove the comma after "jouer".

In the English text of Legal Note 1(d), line 1, replace "of heading No. 97.02" by "(heading No. 97.02)" and on line 3, replace "and" by "or".

In the English text of Legal Note 2, line 1, add "s" to "purpose".

In the paragraph before Legal Note 5, line 2, replace "are to be classified" by "fall".

In the English text of Legal Note 6, line 1, add "s" to "purpose".

SECTION XI

TEXTILES AND TEXTILE ARTICLES

Section XITextiles and Textile Articles

Section XI of the Harmonized System covers all natural and synthetic textiles and textile articles and comprises a total of fourteen HS Chapters from 50 through 63. The Board received several submissions regarding the goods covered by Section XI from both major trade organizations and individual manufacturers. Some submissions identified specific possible problem areas and these will be dealt with when the individual Chapters are reviewed. As a general summary, however, all submissions with respect to Section XI requested that, to the greatest extent possible, the Board should attempt to maintain the current rates of duty for all goods regardless of nomenclature changes. The Board takes note of this request and has applied it wherever possible in its review of the individual Chapters of Section XI.

Section XI commences with over five pages of Legal Notes on which the Board makes no comment at this time other than to incorporate the CCC's latest textual changes as follows:

In the English text of Legal Note 1(a) delete the hyphen in "brush-making".

In the English text of Legal Note 2(B) add "s" to "purpose".

In the English text of Legal Note 3(A), line 1, add "s" to "purpose".

In the English text of Legal Note 4(A), line 1, add "s" to "purpose".

In the English text of Legal Note 5, line 1, add "s" to "purpose".

In the English text of Legal Note 6, line 1, add "s" to "purpose".

In the English text of Legal Note 7 add "s" to "purpose".

In the English text of Legal Notes 11 and 12 add "s" to "purpose".

In the English text of Subheading Legal Note 1(d)(i), line 1, add a comma after "colour".

#### Subheading Legal Notes.

1. In this Section and, where applicable, throughout the Nomenclature, the following expressions have the meanings hereby assigned to them:

#### (a) Elastomeric yarn

Filament yarn, including monofilament, of synthetic textile material, other than textured yarn, which does not break on being extended to three times its original length and which returns, after being extended to twice its original length, within a period of five minutes, to a length not greater than one and a half times its original length.

**(b) Unbleached yarn**

Yarn which:

- (i) has the natural colour of its constituent fibres and has not been bleached, dyed (whether or not in the mass) or printed; or
- (ii) is of indeterminate colour ("grey yarn"), manufactured from garnetted stock.

Such yarn may have been treated with a colourless dressing or fugitive dye (which disappears after simple washing with soap) and, in the case of man-made fibres, treated in the mass with delustring agents (for example, titanium dioxide).

**(c) Bleached yarn**

Yarn which:

- (i) has undergone a bleaching process, is made of bleached fibres or, unless the context otherwise requires, has been dyed white (whether or not in the mass) or treated with a white dressing;

- (iii) is obtained from slivers or rovings which have been printed; or
- (iv) is multiple (folded) or cabled and consists of unbleached or bleached yarn and coloured yarn.

The above definitions also apply, mutatis mutandis, to monofilament and to strip or the like of Chapter 54.

Woven fabric made from unbleached yarn and which has not been bleached, dyed or printed. Such fabric may have been treated with a colourless dressing or a fugitive dye.

**(f) Bleached woven fabric**

- (i) is dyed a single uniform colour other than white (unless the context otherwise requires) or has been treated with a coloured finish other than white (unless the context otherwise requires), in the piece; or

- (ii) consists of coloured yarn of a single uniform colour.

**(h) Woven fabrics of yarns of different colours**

Woven fabric (other than printed woven fabric) which:

(In all cases, the yarn used in selvages and piece ends is not taken into consideration.)

(The following are also regarded as printed woven fabrics: woven fabrics bearing designs made, for example, with a brush or spray gun, by means of transfer paper, by flocking or by the batik process.)

The process of mercerisation does not affect the classification of yarns or fabrics within the above categories.

**(k) Plain weave**

A fabric construction in which each yarn of the weft passes alternately over and under successive yarns of the warp and each yarn of the warp passes alternately over and under successive yarns of the weft.

2. (A) Products of Chapters 56 to 63 containing two or more textile materials are to be regarded as consisting wholly of that textile material which would be selected under Note 2 to this Section for the classification of a product of Chapters 50 to 55 consisting of the same textile materials.

**(B) For the application of this rule:**

- (a) where appropriate, only the part which determines the classification under Interpretative Rule 3 shall be taken into account;
- (b) In the case of textile products consisting of a ground fabric and a pile or looped surface no account shall be taken of the ground fabric;
- (c) In the case of embroidery of heading No. 58.10 only the ground fabric shall be taken into account. However, embroidery without visible ground shall be classified with reference to the embroidering threads alone.

#### B. The Board's Analysis and Recommendations

The Canadian Textiles Institute (CTI) recommended in its submission that textile flock be broken in order that the current MFN rate of Free be maintained for "natural" fibres, e.g., cotton and wool. The Board is satisfied that no further action is required at this time since cotton flock which currently enters under tariff item 52010-1 with a rate of Free has been allocated totally to heading 52.01 with a rate of Free and to tariff item 5203.00.10.00 with a rate of Free.

The Board also received a submission from Grey, Clark, Shih and Associates, Limited representing the interests of the apparel industry. It requested that the proposed Schedule maintain current applied and post-MTN rates (whichever are the lower) on items which would be subject to significant increases if the proposed Schedules were applied without modification. With

\* Indicates that goods under the present tariff item are classified only to this Chapter.

respect to Chapter 52 this would involve goods currently classified to tariff items 52201-1, 52204-1, 53205-1, 53210-1, 54205-1 and 55210-1, items specifically mentioned in the submission as being of concern in this regard.

Upon due consideration of this request the Board concluded that it could not confine its recommendations to reductions in rates of duty contained in the proposed Schedule. It is recognized that the goods of interest are material inputs for the apparel industry, and that, therefore, the proposal is for maintenance of current MFN rates where they are lower, not higher. However, the Board is of the opinion in those instances where new tariff lines restoring current lower rates of duty involve offsetting increases elsewhere, that the restoration of the higher rates should be recommended as well. Furthermore, the Board must compare the extent of the changes in rate and the affected volume of trade with the impact of the additional tariff lines on the simplicity of the proposed Schedule.

In line with these conclusions and in order to restore the current MFN rates of tariff items 53205-1, 53210-1, 55210-1 and 56205-1 the Board recommends that heading 52.12 be amended as follows:

The conversion of tariff item 52204-1, Free, has been accomplished for two-thirds of its 1980-82 trade in heading 52.08 without a change in rate. The remaining one-third is spread over the other tariff lines in the heading but with either the change in rate or volume of trade, or both, being too small, and the number of additional tariff lines being excessive. The same reasoning applies to tariff item 52201-1 allocated to subheading 5209.22. The Board, therefore, does not make any rate recommendations in this regard.

The Board further recommends the following adjustment to the Subheading Legal Note at the beginning of the Chapter to correspond to the current official text of the HS.

In the English text of Subheading Legal Note 1, line 1, add "s" to "purpose".

#### B. The Board's Analysis and Recommendations

Representations from the Canadian Textiles Institute (CTI) and from certain apparel manufacturers argued that current rates of duty should be maintained wherever possible. The Board's review of the proposed rates for Chapter 53 indicated that this could be done for certain goods which enter under tariff items 54107-1, 54108-1 and 54205-1. Therefore, the Board recommends the following amendments to Chapter 53.

#### B. The Board's Analysis and Recommendations

The Canadian Textiles Institute's (CTI) submission brought to the Board's attention several possible candidates for rate of duty restoration but, except for tariff item 53110-1, all were either temporary or end-use items. With respect to the goods accounted for under tariff item 53110-1 (Rovings and yarns, wholly or in part of wool, or in part of hair, n.o.p.) the Board recommends the following adjustments.

---

\* Indicates that goods under the present tariff item are classified only to this Chapter.

Chapter 54

MAN-MADE FILAMENTS

Legal Notes.

\*

1. Throughout the Nomenclature, the term "man-made fibres" means staple fibres and filaments of organic polymers produced by manufacturing processes, either:

(a) By polymerisation of organic monomers, such as polyamides, polyesters, polyurethanes or polyvinyl derivatives; or

(b) By chemical transformation of natural organic polymers (for example, cellulose, casein, proteins or algae), such as viscose rayon, cellulose acetate, cupro or alginates.

The terms "synthetic" and "artificial", used in relation to fibres, mean: synthetic: fibres as defined at (a); artificial: fibres as defined at (b).

The terms "man-made", "synthetic" and "artificial" shall have the same meanings when used in relation to "textile materials".

2. Heading Nos. 54.02 and 54.03 do not apply to synthetic or artificial filament tow of Chapter 55.

CHAPTER 54

APPENDIX

## Chapter 54

## MAN-MADE FILAMENTS

**Notes.**

1. Throughout the Nomenclature, the term "man-made fibres" means staple fibres and filaments of organic polymers produced by manufacturing processes, either:
  - (a) By polymerisation of organic monomers, such as polyamides, polyesters, polyurethanes or polyvinyl derivatives; or
  - (b) By chemical transformation of natural organic polymers (for example, cellulose, casein, proteins or algae), such as viscose rayon, cellulose acetate, cupro or alginates.

The terms "synthetic" and "artificial", used in relation to fibres, mean: synthetic: fibres as defined at (a); artificial: fibres as defined at (b).

The terms "man-made", "synthetic" and "artificial" shall have the same meanings when used in relation to "textile materials".

2. Heading Nos. 54.02 and 54.03 do not apply to synthetic or artificial filament tow of Chapter 55.

B. The Board's Analysis and Recommendations

The only specific submission regarding Chapter 55 was received from the Canadian Textiles Institute (CTI). Some of the CTI's comments concerned changes to certain General and General Preferential rates of duty and to the allocation of the trade of a temporary tariff item (56126-1) which are issues outside the scope of this Reference. The CTI also pointed out that the MFN rates of duty for certain blended yarns under tariff item 53115-1 would decline from 12.5 p.c. to 10% plus 11¢ per kilogram. These goods have been dutiable at a compound rate which, as a result of the MTN, will convert to a single ad valorem rate of 12.5 p.c. on January 1, 1987. The Board sees no need to change back to a compound rate as a result of conversion to the HS and, therefore, recommends that the MFN rate of duty for heading 55.11 be 12.5%.

#### B. The Board's Analysis and Recommendations

The Canadian Textiles Institute (CTI) expressed concern that under the HS there could be confusion between "wadding" and "articles of wadding" with MFN dutiable rates of 9.2% and 22.5% respectively. The Board has reviewed the proposed Schedule and is satisfied that the proposed Nomenclature is sufficiently explicit to obviate this concern and does not, therefore, require any recommendations at this time.

The CTI also expressed concern regarding the need to differentiate between textile flock of "natural" and "man-made" fibres. The Board accepts the CTI's position and recommends the following amendments.

MFN  
Rate

Delete the rates of duty under 5601.30.00 and add the following:

5601.30.10.00	---Textile flock, natural fibres . . . . .	kg	Free
5601.30.20.00	---Textile flock, man-made fibres . . . . .	kg	8.5%
5601.30.30.00	---Textile dust and mill neps . . . . .	kg	Free

\* Indicates that goods under the present tariff item are classified only to this Chapter.

The rate for textile dust and mill neps changed from 6.6% to Free, as a result of the amendment to the above items.

In order to protect the heavier cordage, i.e., exceeding 25 mm, the CTI requested the addition of two lines under subheadings 5607.49 and 5607.50 with MFN rates of 20% for cordage over 25 mm and of 10% plus 11¢/kg for cordage under 25 mm. The Board agrees to this request and recommends the following amendments.

			MFN Rate

TWINE, CORDAGE, ROPES AND CABLES  
AND ARTICLES THEREOF

## Legal Notes.

\*

1. This Chapter does not cover:
  - (a) Wadding, felt or nonwovens, impregnated, coated or covered with substances or preparations (for example, perfumes or cosmetics of Chapter 33, soaps or detergents of heading No. 34.01, polishes, creams or similar preparations of heading No. 34.05, fabric softeners of heading No. 38.09) where the textile material is present merely as a carrying medium;
  - (b) Textile products of heading No. 58.11;
  - (c) Natural or artificial abrasive powder or grain, on a backing of felt or nonwovens (heading No. 68.05);
  - (d) Agglomerated or reconstituted mica, on a backing of felt or nonwovens (heading No. 68.14); or
  - (e) Metal foil on a backing of felt or nonwovens (Section XV).
2. The term "felt" includes needleloom felt and fabrics consisting of a web of textile fibres the cohesion of which has been enhanced by a stitch-bonding process using fibres from the web itself.
3. Heading Nos. 56.02 and 56.03 cover respectively felt and nonwovens, impregnated, coated, covered or laminated with plastics or rubber whatever the nature of these materials (compact or cellular).
 

Heading No. 56.03 also includes nonwovens in which plastics or rubber forms the bonding substance.

Heading Nos. 56.02 and 56.03 do not, however, cover:

  - (a) Felt impregnated, coated, covered or laminated with plastics or rubber, containing 50 % or less by weight of textile material or felt completely embedded in plastics or rubber (Chapter 39 or 40);
  - (b) Nonwovens, either completely embedded in plastics or rubber, or entirely coated or covered on both sides with such materials, provided that such coating or covering can be seen with the naked eye with no account being taken of any resulting change of colour (Chapter 39 or 40); or
  - (c) Plates, sheets or strips of cellular plastics or cellular rubber combined with felt or nonwovens, where the textile is present merely for reinforcing purposes (Chapter 39 or 40).
4. Heading No. 56.04 does not cover textile yarn, or strip or the like of heading No. 54.04 or 54.05, in which the impregnation, coating or covering cannot be seen with the naked eye (usually Chapters 50 to 55); for the purpose of this provision, no account should be taken of any resulting change of colour.

CHAPTER 56

APPENDIX

## Chapter 56

WADDING, FELT AND NONWOVENS; SPECIAL YARNS;  
TWINE, CORDAGE, ROPES AND CABLES  
AND ARTICLES THEREOF

## Notes.

## 1. This Chapter does not cover:

- (a) Wadding, felt or nonwovens, impregnated, coated or covered with substances or preparations (for example, perfumes or cosmetics of Chapter 33, soaps or detergents of heading No. 34.01, polishes, creams or similar preparations of heading No. 34.05, fabric softeners of heading No. 38.09) where the textile material is present merely as a carrying medium;
- (b) Textile products of heading No. 58.11;
- (c) Natural or artificial abrasive powder or grain, on a backing of felt or nonwovens (heading No. 68.05);
- (d) Agglomerated or reconstituted mica, on a backing of felt or nonwovens (heading No. 68.14); or
- (e) Metal foil on a backing of felt or nonwovens (Section XV).

## 2. The term "felt" includes needleloom felt and fabrics consisting of a web of textile fibres the cohesion of which has been enhanced by a stitch-bonding process using fibres from the web itself.

## 3. Heading Nos. 56.02 and 56.03 cover respectively felt and nonwovens, impregnated, coated, covered or laminated with plastics or rubber whatever the nature of these materials (compact or cellular).

Heading No. 56.03 also includes nonwovens in which plastics or rubber forms the bonding substance.

Heading Nos. 56.02 and 56.03 do not, however, cover:

- (a) Felt impregnated, coated, covered or laminated with plastics or rubber, containing 50% or less by weight of textile material or felt completely embedded in plastics or rubber (Chapter 39 or 40);
  - (b) Nonwovens, either completely embedded in plastics or rubber, or entirely coated or covered on both sides with such materials, provided that such coating or covering can be seen with the naked eye with no account being taken of any resulting change of colour (Chapter 39 or 40); or
  - (c) Plates, sheets or strips of cellular plastics or cellular rubber combined with felt or nonwovens, where the textile is present merely for reinforcing purposes (Chapter 39 or 40).
4. Heading No. 56.04 does not cover textile yarn, or strip or the like of heading No. 54.04 or 54.05, in which the impregnation, coating or covering cannot be seen with the naked eye (usually Chapters 50 to 55); for the purpose of this provision, no account should be taken of any resulting change of colour.

#### B. The Board's Analysis and Recommendations

The Canadian Carpet Institute noted in its submission that proposed heading 57.01 does not differentiate between hand-knotted and machine knotted textile floor coverings which are currently MFN dutiable at 10 p.c. and 20 p.c. respectively. The Board agrees that the HS proposal could result in a substantial loss of protection and recommends the following solution.

			MFN <u>Rate</u>
Delete the rates of duty under 5701.10.00.00 and 5701.90.00.00 and add the following:			
5701.10.10.00	---Machine knotted . . . . .	m <sup>2</sup>	20%
5701.10.90.00	---Other . . . . .	m <sup>2</sup>	10%
5701.90.10.00	---Machine knotted . . . . .	m <sup>2</sup>	20%
5701.90.90.00	---Other . . . . .	m <sup>2</sup>	10%

Furthermore, \$3.2 million of trade entered under Customs Tariff item 57000-1, "Mats, door or carriage, other than metal" with an MFN rate of 17.5 p.c., which is allocated, by itself, to 5705.00.00.10 at 20% MFN. The

\* Indicates that goods under the present tariff item are classified only to this Chapter.

same problem appears with respect to the same goods in 5705.00.00.99. In line with its criteria the Board recommends, therefore, that a separate tariff line be established for "mats, door and carriage" in the following manner:

MFN  
Rate

Delete the rates of duty under 5705.00.00 and add the following:

5705.00.10.00	---Mats for door or carriage . . . . .	m <sup>2</sup>	17.5%
5705.00.90.	---Other . . . . .		20%
10	-----Braided . . . . .	m <sup>2</sup>	
	-----Other		
91	-----Tiles, having a maximum surface area of 0.3 m <sup>2</sup> . . . . .	m <sup>2</sup>	
92	-----Other, manufactured by the bonding together of textile fibres or yarns . .	m <sup>2</sup>	
93	-----Other, manufactured by coating, impregnating or laminating textile fabrics made by processes other than knotting, weaving, tufting or felting . . . . .	m <sup>2</sup>	
99	-----Other . . . . .	m <sup>2</sup>	

Carpeting, rugs, stairpads, mats and matting of textile materials other than wool, fine animal hair or man-made materials are presently classified to tariff items 57005-1, 57005-2 and 57005-3 (10.2 p.c. MFN), and 57015-1 (Free MFN). These goods, on conversion, would be dutiable at 15.7% under subheading 5702.99 and thus would involve rate changes of at least 2.5 percentage points and at least 1 per cent of the total trade under the current items, valued at, at least \$120 thousand in 1980-82. The Board, therefore, recommends that the following amendments be made.

MFN  
Rate

Delete the rates of duty under 5702.99.00.00 and add the following:

5702.99.10.00	---Of straw, hemp, flax tow or jute . . . . .	m <sup>2</sup>	10.2%
5702.99.20.00	---Of sisal, palm straw or cane straw . . . .	m <sup>2</sup>	Free
5702.99.90.00	---Of other textile materials . . . . .	m <sup>2</sup>	20%

The Board further recommends the following adjustment to the Legal Notes at the beginning of the Chapter.

In the English text of Legal Note 1, line 1, add "s" to "purpose".

#### B. The Board's Analysis and Recommendations

The only submission relating to Chapter 58 was presented on behalf of the apparel industry by Grey, Clark, Shih and Associates, Limited. It expressed a general concern that imports of fabrics classified to this Chapter might as a result of conversion attract higher MFN rates than the rates of duty applicable to these goods in the Customs Tariff. The Board for this purpose examined the list of tariff items submitted and concludes that in most instances the rate changes and the amounts of trade involved were too small to warrant rate restorations. One instance where a restoration of current rates appears justified relates to tariff item 52203-1 "Woven fabrics wholly of cotton, coloured, n.o.p." with an MFN rate of 17.5 p.c. The Board recommends that the current MFN rates be restored in the manner shown below.

The Board's analysis also revealed a number of tariff lines in the proposed HS Schedule with changes in rates of duty which meet its criteria for restoring current rates. Imports entering under tariff item 54205-1, 17.5 p.c. MFN, would in part be classifiable under 5803.90.90.00, 5806.20.00.00, and 5806.39.90.00 at 21.1%, 25% and 22.5% respectively. Imports under 56610-1 with an MFN rate of 10 p.c., are in part accorded to 5804.10.00.00, 1% MFN, in part to 5804.30.00.00, 20% MFN and in part to 5810.91.00, 20% MFN. The amount of trade (1980-82) involved was \$3.55 million, \$1.16 million, and \$67 thousand respectively. Furthermore, \$8.37 million (1980-82) imported under 56611-1 at 20 p.c. would be dutiable at 1% MFN under 5804.10.00. Imports under 5806.31.00.90 would be dutiable at 18.3% MFN, whereas, currently, they are classified to 56206-1 and 52201-1 at MFN concession rates of 25 p.c. and 15 p.c. respectively. Finally, goods

imported at present at 15 p.c. MFN under tariff item 57800-1 would in part enter under 5807.10.00.00, at 23.8% MFN and under 5807.90.00.00 at 18.8% MFN. In all the above instances the Board recommends that provisions be made in the proposed Schedule for the purpose of restoring the MFN rates of duty of the current Customs Tariff, as follows:

## B. The Board's Analysis and Recommendations

The Canadian Textiles Institute (CTI) noted in its submission that goods covered by tariff item 56520-1 are provided for in the Supplementary Annex but that the goods covered by tariff item 56521-1 are not. Both tariff items share a common preamble:

"Seamless woven textile jackets, in tubular form, for use in the manufacture of fire-hose; fire-hose made from such jackets, with or without attached couplings."

The Board agrees with the CTI's request and recommends that tariff item 56521-1 be included in the Supplementary Annex.

---

\* Indicates that goods under the present tariff item are classified only to this Chapter.

The CTI also noted that the proposed MFN rates for tariff items 53417-1 and 53420-1 are changing from 12.5 p.c. and Free to 15% under 5911.90.00. In addition, the Board noted that tariff item 53417-1 had not been identified in the concordance as an end-use item. Furthermore, the Board recalls that in Reference 157, Phase II, it recommended that the "made/not made" provision of tariff item 53415-1 be deleted. In keeping with that recommendation, the Board recommends the following amendment to subheading 5911.90. In addition, the Board finds that buffing and polishing wheels and discs which enter under tariff items 57901-1 and 57902-1 also meet the criteria for rate of duty restoration and recommends the addition of a new tariff line 5911.90.91.00 with a rate of duty of 13.1% MFN which is the trade weighted average rate of duty for the goods entering under the current tariff items.

MFN  
Rate

Delete the rates of duty under 5911.90.00.00 and add the following:

5911.90.10.00	---Blankets, blanketing and lapping for use on offset printing presses . . . . .	-	12.5%
5911.90.80.00	---Other blankets, blanketing and lapping . .	-	Free
	---Other		
5911.90.91.00	----Wheels and discs for buffing or polishing . . . . .	-	13.1%
5911.90.99.00	----Other . . . . .	-	20.4%

In addition, the Board recommends the two following amendments for goods which meet the criteria for maintenance of their current rates of duty.

MFN  
Rate

Delete the rates of duty under 5908.00.00 and add the following:

5908.00.10.00	---Incandescent gas mantles . . . . .	-	15%
5908.00.90.00	---Other . . . . .	-	24.6%

MFN  
Rate

Delete the rates of duty under 5910.00.00.00 and add the following:

5910.00.10.	---Belting, woven, wholly or in part of man-made fibres . . . . .		25%
10	-----Of nylon or other polyamides . . . . .	kg	
	-----Of polyesters		
21	-----Mixed solely with cotton . . . . .	kg	
29	-----Other . . . . .	kg	
90	-----Of other man-made fibres . . . . .	kg	
5910.00.90.	---Other . . . . .		18.1%
10	-----Of cotton . . . . .	kg	
90	-----Of other textile materials . . . . .	kg	

It will be noted that in all of the above recommended amendments the rates of duty for the goods not affected by the recommendations have been recalculated on the basis of a trade weighted average, the method used to calculate the originally proposed rates.

The CTI also recommended the addition of a Canadian Legal Note specifying all of the other possible HS tariff items where coated or impregnated textile fabrics might be classified. The Board has reviewed this concern and is satisfied that the possibility for alternative classifications is already adequately provided for, particularly by Legal Note 2.

A submission from Walter L. Brown Ltd. suggested that certain natural grass wall coverings which are dutiable under tariff item 19500-1 at 7.5 p.c. MFN would be dutiable under 5905.00.90.00 at 22.5% MFN. In order to maintain the current tariff treatment the Board recommends inclusion of the following new tariff line.

MFN  
Rate

5905.00.80.00	---Of other vegetable fibre backed with paper . . . . .	m <sup>2</sup>	7.5%
---------------	--	----------------	------

The Board recommends the following adjustments to the Legal Notes at the beginning of the Chapter to correspond to the current official text of the HS.

In the English text of Legal Note 1, line 1, add "s" to "purpose".

In the English text of Legal Note 3, line 1, add "s" to "purpose".

In the English text of Legal Note 4, line 1, add "s" to "purpose".

IMPREGNATED, COATED, COVERED OR LAMINATED TEXTILE  
FABRICS; TEXTILE ARTICLES OF A KIND

## Legal Notes.

1. Except where the context otherwise requires, for the purposes of this Chapter the expression "textile fabrics" applies only to the woven fabrics of Chapter 50 to 55 and heading Nos. 58.03 and 58.06, the braids and ornamental trimmings in the piece of heading No. 58.08 and the knitted or crocheted fabrics of heading No. 60.02. \*
2. Heading No. 59.03 applies to:
- (a) Textile fabrics, impregnated, coated, covered or laminated with plastics, whatever the weight per square metre and whatever the nature of the plastic material (compact or cellular), other than:
    - (1) Fabrics in which the impregnation, coating or covering cannot be seen with the naked eye (usually Chapters 50 to 55, 58 to 60); for the purpose of this provision, no account should be taken of any resulting change of colour;
    - (2) Products which cannot, without fracturing, be bent manually around a cylinder of a diameter of 7 mm, at a temperature between 15 °C and 30 °C (usually Chapter 39);
    - (3) Products in which the textile fabric is either completely embedded in plastics or entirely coated or covered on both sides with such material, provided that such coating or covering can be seen with the naked eye with no account being taken of any resulting change of colour (Chapter 39);
    - (4) Fabrics partially coated or partially covered with plastics and bearing designs resulting from these treatments (usually Chapters 50 to 55, 58 or 60);
    - (5) Plates, sheets or strip of cellular plastics, combined with textile fabric, where the textile fabric is present merely for reinforcing purposes (Chapter 39); or
    - (6) Textile products of heading No. 58.11;
  - (b) Fabrics made from yarn, strip or the like, impregnated, coated, covered or sheathed with plastics, of heading No. 56.04.
3. For the purposes of heading No. 59.05, the expression "textile wall coverings" applies to products in rolls, of a width of not less than 45 cm, suitable for wall or ceiling decoration, consisting of a textile surface which has been fixed on a backing or has been treated on the back (impregnated or coated to permit pasting). \*
- This heading does not, however, apply to wall coverings consisting of textile flock or dust fixed directly on a backing of paper (heading No. 48.14) or on a textile backing (generally heading No. 59.07).
4. For the purposes of heading No. 59.06, the expression "rubberised textile fabrics" means: \*
- (a) Textile fabrics impregnated, coated, covered or laminated with rubber,
    - (i) Weighing not more than 1,500 g/m<sup>2</sup>; or
    - (ii) Weighing more than 1,500 g/m<sup>2</sup> and containing more than 50 % by weight of textile material;
  - (b) Fabrics made from yarn, strip or the like, impregnated, coated, covered or sheathed with rubber, of heading No. 56.04;
  - (c) Fabrics composed of parallel textile yarns agglomerated with rubber, irrespective of their weight per square metre; and
  - (d) Plates, sheets or strip, of cellular rubber, combined with textile fabric, where the textile fabric is more than mere reinforcement, other than textile products of heading No. 58.11.

## 5. Heading No. 59.07 does not apply to:

- (a) Fabrics in which the impregnation, coating or covering cannot be seen with the naked eye (usually Chapters 50 to 55, 58 or 60); for the purpose of this provision, no account should be taken of any resulting change of colour;
- (b) Fabrics painted with designs (other than painted canvas being theatrical scenery, studio back-cloths or the like);
- (c) Fabrics partially covered with flock, dust, powdered cork or the like and bearing designs resulting from these treatments; however, imitation pile fabrics remain classified in this heading;
- (d) Fabrics finished with normal dressings having a basis of amylaceous or similar substances;
- (e) Wood veneered on a backing of textile fabrics (heading No. 44.08);
- (f) Natural or artificial abrasive powder or grain, on a backing of textile fabrics (heading No. 68.05);
- (g) Agglomerated or reconstituted mica, on a backing of textile fabrics (heading No. 68.14); or

## 6. Heading No. 59.10 does not apply to:

- (a) Transmission or conveyor belts or belting of a thickness of less than 3 mm; or

CHAPTER 59

APPENDIX

## LEGAL NOTES REFERRED TO THE BOARD

## Chapter 59

**IMPREGNATED, COATED, COVERED OR LAMINATED TEXTILE  
FABRICS; TEXTILE ARTICLES OF A KIND  
SUITABLE FOR INDUSTRIAL USE**

**Notes.**

1. Except where the context otherwise requires, for the purpose of this Chapter the expression "textile fabrics" applies only to the woven fabrics of Chapter 50 to 55 and heading Nos. 58.03 and 58.06, the braids and ornamental trimmings in the piece of heading No. 58.08 and the knitted or crocheted fabrics of heading No. 60.02.
2. Heading No. 59.03 applies to:
  - (a) Textile fabrics, impregnated, coated, covered or laminated with plastics, whatever the weight per square metre and whatever the nature of the plastic material (compact or cellular), other than:
    - (1) Fabrics in which the impregnation, coating or covering cannot be seen with the naked eye (usually Chapters 50 to 55, 58 or 60); for the purpose of this provision, no account should be taken of any resulting change of colour;
    - (2) Products which cannot, without fracturing, be bent manually around a cylinder of a diameter of 7mm, at a temperature between 15°C and 30°C (usually Chapter 39);
    - (3) Products in which the textile fabric is either completely embedded in plastics or entirely coated or covered on both sides with such material, provided that such coating or covering can be seen with the naked eye with no account being taken of any resulting change of colour (Chapter 39);
    - (4) Fabrics partially coated or partially covered with plastics and bearing designs resulting from these treatments (usually Chapters 50 to 55, 58 or 60);
    - (5) Plates, sheets or strip of cellular plastics, combined with textile fabric, where the textile fabric is present merely for reinforcing purposes (Chapter 39); or
    - (6) Textile products of heading No. 58.11;
  - (b) Fabrics made from yarn, strip or the like, impregnated, coated, covered or sheathed with plastics, of heading No. 56.04.
3. For the purpose of heading No. 59.05, the expression "textile wall coverings" applies to products in rolls, of a width of not less than 45cm, suitable for wall or ceiling decoration, consisting of a textile surface which has been fixed on a backing or has been treated on the back (impregnated or coated to permit pasting).  

This heading does not, however, apply to wall coverings consisting of textile flock or dust fixed directly on a backing of paper (heading No. 48.14) or on a textile backing (generally heading No. 59.07).
4. For the purpose of heading No. 59.06, the expression "rubberised textile fabrics" means:
  - (a) Textile fabrics impregnated, coated, covered or laminated with rubber,
    - (i) Weighing not more than 1,500g/m<sup>2</sup>; or
    - (ii) Weighing more than 1,500g/m<sup>2</sup> and containing more than 50% by weight of textile material;
  - (b) Fabrics made from yarn, strip or the like, impregnated, coated, covered or sheathed with rubber, of heading No. 56.04;
  - (c) Fabrics composed of parallel textile yarns agglomerated with rubber, irrespective of their weight per square metre; and
  - (d) Plates, sheets or strip, of cellular rubber, combined with textile fabric, where the textile fabric is more than mere reinforcement, other than textile products of heading No. 58.11.

## 5. Heading No. 59.07 does not apply to:

- (a) Fabrics in which the impregnation, coating or covering cannot be seen with the naked eye (usually Chapters 50 to 55, 58 or 60); for the purpose of this provision, no account should be taken of any resulting change of colour;
- (b) Fabrics painted with designs (other than painted canvas being theatrical scenery, studio back-cloths or the like);
- (c) Fabrics partially covered with flock, dust, powdered cork or the like and bearing designs resulting from these treatments; however, imitation pile fabrics remain classified in this heading;
- (d) Fabrics finished with normal dressings having a basis of amylaceous or similar substances;
- (e) Wood veneered on a backing of textile fabrics (heading No. 44.08);
- (f) Natural or artificial abrasive powder or grain, on a backing of textile fabrics (heading No. 68.05);
- (g) Agglomerated or reconstituted mica, on a backing of textile fabrics (heading No. 68.14); or
- (h) Metal foil on a backing of textile fabrics (Section XV).

## 6. Heading No. 59.10 does not apply to:

- (a) Transmission or conveyor belts or belting of a thickness of less than 3mm; or
- (b) Transmission or conveyor belts or belting of textile fabric impregnated, coated, covered or laminated with rubber or made from textile yarn or cord impregnated, coated, covered or sheathed with rubber (heading No. 40.10).

## 7. Heading No. 59.11 applies to the following goods, which do not fall in any other heading of Section XI:

- (a) Textile products in the piece, cut to length or simply cut to rectangular (including square) shape (other than those having the character of the products of heading Nos. 59.08 to 59.10), the following only:
  - (i) Textile fabrics, felt and felt-lined woven fabrics, coated, covered or laminated with rubber, leather or other material, of a kind used for card clothing, and similar fabrics of a kind used for other technical purposes;
  - (ii) Bolting cloth;
  - (iii) Straining cloth of a kind used in oil presses or the like, of textile material or of human hair;
  - (iv) Flat woven textile fabric with multiple warp or weft, whether or not felted, impregnated or coated, of a kind used in machinery or for other technical purposes;
  - (v) Textile fabric reinforced with metal, of a kind used for technical purposes;
  - (vi) Cords, braids and the like, whether or not coated, impregnated or reinforced with metal, of a kind used in industry as packing or lubricating materials;
- (b) Textile articles (other than those of heading Nos. 59.08 to 59.10) of a kind used for technical purposes (for example, textile fabrics and felts, endless or fitted with linking devices, of a kind used in paper-making or similar machines (for example, for pulp or asbestos-cement), gaskets, washers, polishing discs and other machinery parts).

## CHAPTER 61

### Articles of Apparel and Clothing Accessories, Knitted or Crocheted

#### A. Introduction

Proposed Chapter 61 incorporates, in whole or in part, 9 items of the Customs Tariff as listed below:

- 47835-1 ... pressure-gradient elastic supports ...
- 56400-1 Church vestments; parts thereof
- 56405-1 Prayer shawls, ... fringes and prayer shawl bags; parts thereof
- 56805-1 Knitted garments, knitted fabrics and knitted goods, n.o.p.
- 56810-1 Knitted garments, women's and girls' ... of wool or hair ...  
Socks and stockings:
- \*56820-1 Wholly or in chief part, by weight, of wool
- \*56821-1 N.o.p.
- 56830-1 Gloves and mitts of all kinds, n.o.p.
- 57800-1 Regalia, badges and belts of all kinds, n.o.p.

#### B. The Board's Analysis and Recommendations

The Board did not receive any submissions dealing specifically with the description of goods and rates of duty of this Chapter. Its own investigation revealed that knitted and crocheted church vestments, entering at present under tariff item 56400-1 at 10 p.c. MFN, would enter at 25% MFN under heading 61.14. Although the volume of trade in the base period meets the Board's criterion in the case of subheadings 6114.20 and 6114.30 only, any revision of rates with respect to church vestments should apply to subheadings 6114.10 and 6114.90 as well.

Restoration of the current rate for these goods could be achieved by a single additional tariff line, if it did not involve a new subheading, which is contrary to the Convention. The alternative would be to add two new tariff lines for each of the four subheadings making up heading 61.14. Furthermore, to provide separate tariff treatment for "Church Vestments" in Chapter 62 would require another 20 additional tariff lines. It is the opinion of the Board that restoration of the current rate for church vestments in this manner would be contrary to the Minister's request for a simple and condensed tariff. However, the provision of a concessionary item for these goods in the Supplementary Annex would achieve the maintenance of the current MFN rate for church vestments, and the Board so recommends. This recommendation will also serve on such goods classified to the ensuing Chapter.

---

\* Indicates that goods under the present tariff item are classified only to this Chapter.

The Board recommends the following adjustments to the Legal Notes at the beginning of the Chapter to correspond to the current official text of the HS.

In the English text of Legal Note 3 add "s" to "purpose".

In the English text of Legal Note 5 add "s" to "purpose".

## Chapter 61

ARTICLES OF APPAREL AND CLOTHING ACCESSORIES,  
KNITTED OR CROCHETED

## Legal Notes.

\*

1. This Chapter applies only to made up knitted or crocheted articles.

2. This Chapter does not cover:

- (a) Goods of heading No. 62.12;
- (b) Worn clothing or other worn articles of heading No. 63.09; or
- (c) Orthopaedic appliances, surgical belts, trusses or the like (heading No. 90.21).

3. For the purposes of heading Nos. 61.03 and 61.04:

\*

(a) The term "suit" means a set of garments composed of two or three pieces made up in identical fabric and comprising:

- one garment designed to cover the lower part of the body and consisting of trousers, breeches or shorts (other than swimwear), a skirt or a divided skirt, having neither braces nor bibs, and
- one suit coat or jacket the outer shell of which, exclusive of sleeves, consists of four or more panels, designed to cover the upper part of the body, possibly with a tailored waistcoat in addition.

All of the components of a suit must be of the same fabric construction, style, colour and composition; they must also be of corresponding or compatible size. If several separate components to cover the lower part of the body are presented together (for example, trousers and shorts, or a skirt or divided skirt and trousers), the constituent lower part shall be the trousers, or, in the case of women's or girls' suits, the skirt or divided skirt, the other garments being considered separately.

The term "suit" includes the following sets of garments, whether or not they fulfill all the above conditions:

- morning dress, comprising a plain jacket (cutaway) with rounded tails hanging well down at the back and striped trousers;
- evening dress (tailcoat), generally made of black fabric, the jacket of which is relatively short at the front, does not close and has narrow skirts cut in at the hips and hanging down behind;
- dinner jacket suits, in which the jacket is similar in style to an ordinary jacket (though perhaps revealing more of the shirt front), but has shiny silk or imitation silk lapels.

(b) The term "ensemble" means a set of garments (other than suits and articles of heading No. 61.07, 61.08 or 61.09), composed of several pieces made up in identical fabric, put up for retail sale, and comprising:

- one garment designed to cover the upper part of the body, with the exception of pullovers which may form a second upper garment in the sole context of twin sets, and of waistcoats which may also form a second upper garment, and
- one or two different garments, designed to cover the lower part of the body and consisting of trousers, bib and brace overalls, breeches, shorts (other than swimwear), a skirt or a divided skirt.

All of the components of an ensemble must be of the same fabric construction, style, colour and composition; they also must be of corresponding or compatible size. The term "ensemble" does not apply to track suits or ski suits, of heading No. 61.12.

4. Heading Nos. 61.05 and 61.06 do not cover garments with pockets below the waist, with a ribbed waistband or other means of tightening at the bottom of the garment, or garments having an average of less than 10 stitches per linear centimetre in each direction counted on an area measuring at least 10 cm x 10 cm. Heading No. 61.05 does not cover sleeveless garments.
5. For the purposes of heading No. 61.11:
  - (a) The expression "babies' garments and clothing accessories" means articles for young children of a body height not exceeding 86 cm; it also covers babies' napkins:
  - (b) Articles which are, prima facie, classifiable both in heading No. 61.11 and in other headings of this Chapter are to be classified in heading No. 61.11.
6. For the purposes of heading No. 61.12, "ski suits" means garments or sets of garments which, by their general appearance and texture, are identifiable as intended to be worn principally for skiing (cross-country or alpine). They consist either of:
  - (a) a "ski overall", that is, a one-piece garment designed to cover the upper and the lower parts of the body; in addition to sleeves and a collar the ski overall may have pockets or footstraps; or
  - (b) a "ski ensemble", that is, a set of garments composed of two or three pieces, put up for retail sale and comprising:
    - one garment such as an anorak, wind-cheater, wind-jacket or similar article, closed by a slide fastener (zipper), possibly with a waistcoat in addition, and
    - one pair of trousers whether or not extending above waist-level, one pair of breeches or one bib and brace overall.

The "ski ensemble" may also consist of an overall similar to the one mentioned in paragraph (a) above and a type of padded, sleeveless jacket worn over the overall.

All the components of a "ski ensemble" must be made up in a fabric of the same texture, style and composition whether or not of the same colour; they also must be of corresponding or compatible size.
7. Garments which are, prima facie, classifiable both in heading No. 61.13 and in other headings of this Chapter, excluding heading No. 61.11, are to be classified in heading No. 61.13.
8. Articles of this Chapter which cannot be identified are either men's or boys' garments or as women's or girls' garments are to be classified in the headings concerning women's or girls' garments.
9. Articles of this Chapter may be made of metal thread.

CHAPTER 61

APPENDIX

LEGAL NOTES REFERRED TO THE BOARD

**Chapter 61**

**ARTICLES OF APPAREL AND CLOTHING ACCESSORIES,  
KNITTED OR CROCHETED**

**Notes.**

1. This Chapter applies only to made up knitted or crocheted articles.
2. This Chapter does not cover:
  - (a) Goods of heading No. 62.12;
  - (b) Worn clothing or other worn articles of heading No. 63.09; or
  - (c) Orthopaedic appliances, surgical belts, trusses or the like (heading No. 90.21).
3. For the purpose of heading Nos. 61.03 and 61.04:
  - (a) The term "suit" means a set of garments composed of two or three pieces made up in identical fabric and comprising:
    - one garment designed to cover the lower part of the body and consisting of trousers, breeches or shorts (other than swimwear), a skirt or a divided skirt, having neither braces nor bibs, and
    - one suit coat or jacket the outer shell of which, exclusive of sleeves, consists of four or more panels, designed to cover the upper part of the body, possibly with a tailored waistcoat in addition.

All of the components of a suit must be of the same fabric construction, style, colour and composition; they must also be of corresponding or compatible size. If several separate components to cover the lower part of the body are presented together (for example, trousers and shorts, or a skirt or divided skirt and trousers), the constituent lower part shall be the trousers, or, in the case of women's or girls' suits, the skirt or divided skirt, the other garments being considered separately.

The term "suit" includes the following sets of garments, whether or not they fulfil all the above conditions:

- morning dress, comprising a plain jacket (cutaway) with rounded tails hanging well down at the back and striped trousers;
  - evening dress (tailcoat), generally made of black fabric, the jacket of which is relatively short at the front, does not close and has narrow skirts cut in at the hips and hanging down behind;
  - dinner jacket suits, in which the jacket is similar in style to an ordinary jacket (though perhaps revealing more of the shirt front), but has shiny silk or imitation silk lapels.
- (b) The term "ensemble" means a set of garments (other than suits and articles of heading No. 61.07, 61.08 or 61.09), composed of several pieces made up in identical fabric, put up for retail sale, and comprising:
    - one garment designed to cover the upper part of the body, with the exception of pullovers which may form a second upper garment in the sole context of twin sets, and of waistcoats which may also form a second upper garment, and
    - one or two different garments, designed to cover the lower part of the body and consisting of trousers, bib and brace overalls, breeches, shorts (other than swimwear), a skirt or a divided skirt.

All of the components of an ensemble must be of the same fabric construction, style, colour and composition; they also must be of corresponding or compatible size. The term "ensemble" does not apply to track suits or ski suits, of heading No. 61.12.

4. Heading Nos. 61.05 and 61.06 do not cover garments with pockets below the waist, with a ribbed waistband or other means of tightening at the bottom of the garment, or garments having an average of less than 10 stitches per linear centimetre in each direction counted on an area measuring at least 10cm x 10cm. Heading No. 61.05 does not cover sleeveless garments.

5. For the purpose of heading No. 61.11:

- (a) The expression "babies' garments and clothing accessories" means articles for young children of a body height not exceeding 86cm; it also covers babies' napkins;
- (b) Articles which are, *prima facie*, classifiable both in heading No. 61.11 and in other headings of this Chapter are to be classified in heading No. 61.11.

6. For the purpose of heading No. 61.12, "ski suits" means garments or sets of garments which, by their general appearance and texture, are identifiable as intended to be worn principally for skiing (cross-country or alpine). They consist either of:

- (a) a "ski overall", that is, a one-piece garment designed to cover the upper and the lower parts of the body; in addition to sleeves and a collar the ski overall may have pockets or footstraps; or
- (b) a "ski ensemble", that is, a set of garments composed of two or three pieces, put up for retail sale and comprising:
  - one garment such as an anorak, wind-cheater, wind-jacket or similar article, closed by a slide fastener (zipper), possibly with a waistcoat in addition, and
  - one pair of trousers whether or not extending above waist-level, one pair of breeches or one bib and brace overall.

The "ski ensemble" may also consist of an overall similar to the one mentioned in paragraph (a) above and a type of padded, sleeveless jacket worn over the overall.

All the components of a "ski ensemble" must be made up in a fabric of the same texture, style and composition whether or not of the same colour; they also must be of corresponding or compatible size.

- 7. Garments which are, *prima facie*, classifiable both in heading No. 61.13 and in other headings of this Chapter, excluding heading No. 61.11, are to be classified in heading No. 61.13.
- 8. Articles of this Chapter which cannot be identified as either men's or boys' garments or as women's or girls' garments are to be classified in the headings concerning women's or girls' garments.
- 9. Articles of this Chapter may be made of metal thread.

#### B. The Board's Analysis and Recommendations

The Board did not receive any submission pertaining to this Chapter. The Board's analysis did, however, reveal a number of instances where the proposed Schedule for Chapter 62 contained changes in rates of duty from the Customs Tariff which meet the Board's criteria for consideration of restoration. The relevant rate and related nomenclature recommendations for this Chapter are listed below.

The first recommendation deals with imports of cotton saris currently classified to tariff item 56500-1 at 9.1 p.c. MFN, and dutiable at 22.5% MFN under subheading 6211.42. The Board recommends a breakout of saris of cotton with the current MFN rate. This change, within the Board's criteria, would mean that the Schedule would now provide the 9.2% MFN rate for all saris.

---

\* Indicates that goods under the present tariff item are classified only to this Chapter.

			<u>MFN</u> <u>Rate</u>
6211.42	--Of cotton		
6211.42.10.00	---Saris . . . . .	No.	9.2%
6211.42.90.	---Other . . . . .		22.5%
10	-----Coveralls . . . . .	No.	
20	-----Smocks and similar professional or shop coats . . . . .	No.	
90	-----Other garments . . . . .	No.	

The second recommendation deals with imports of handkerchiefs "Of other textile materials", i.e. other than of silk or silk waste, or of cotton, under subheading 6213.90 at 20% MFN which are currently classified under tariff item 54321-1 at 11.3 p.c. MFN if made wholly of flax or hemp. With the change in rate of duty being well in excess of 2.5 percentage points, and with \$151 thousand or 4.9 per cent of the present item being involved, the Board recommends restoration of the current rate. It is proposed that this be accomplished in the following manner. Restoration of the current MFN rate of 11.3 p.c. raises the weighted average rate for the remaining goods allocated to subheading 6213.90 to 25% MFN.

			<u>MFN</u> <u>Rate</u>
6213.90	-Of other textile materials		
6213.90.10.00	---Wholly of flax or hemp . . . . .	doz	11.3%
6213.90.90.	---Other . . . . .		25%
10	-----Of polyesters . . . . .	doz	
90	-----Of other textile materials . . . . .	doz	

It seems that a substantial volume of trade in "regalia, badges and belts of all kinds" currently provided for in tariff item 57800-1 at 15 p.c. MFN would be dutiable at 22.5% MFN under subheading 6217.10. The Board recommends that the current rate for these goods be restored as follows:

			<u>MFN</u> <u>Rate</u>
6217.10	-Accessories		
6217.10.10.00	---Belts; badges and the like . . . . .	-	15%
6217.10.90.00	---Other accessories . . . . .	-	22.5%

A substantial rate change in the proposed Schedule governs 57 per cent of the 1980-82 imports of "church vestments" under tariff item 56400-1, dutiable at 10 p.c. MFN, for which the rate of duty is either 22.5 or 25% MFN under heading 62.11. A simple solution, technically, would be the establishment of a subheading providing for church vestments. However, this would entail an amendment to the Convention. The alternative would be the addition of two tariff lines, one for church vestments and one for other

garments for each of 6211.32.00.00, 6211.33.00.00, 6211.39.00.00, 6211.42.00.00, 6211.43.90.00 and 6211.49.90.00. For instance, for the first of these, the revised proposed Schedule would read:

			MFN Rate
6211.32	--Of cotton		
6211.32.10.00	---Church vestments . . . . .	No.	10%
6211.32.90.00	---Other . . . . .	No.	22.5%

Thus the restoration of the current rate for church vestments would require an increment of 12 tariff lines where the volume of trade involved meets the Board's criterion. Furthermore, eight more lines would be needed in headings 62.11 and 62.17, where the specific mention of church vestments would make sense, even though the volume of trade criterion were not met. As stated in the preceding Chapter, where the remainder of these articles are classified, it is the Board's view that the requirement of 20 new tariff lines for the restoration of the current rate for church vestments would ignore the Minister's caution to keep the proposed Schedule simple and condensed. Therefore, it does not recommend restoration of the current MFN rate of duty by the addition of new tariff lines in this instance. A simpler alternative would be to introduce a provision in the Supplementary Annex for church vestments at the present concessionary rate, which was recommended in Chapter 61.

The Board further recommends the following adjustments to the Legal Notes at the beginning of the Chapter to correspond to the current official text of the HS.

In the English text of Legal Note 3 add "s" to "purpose".

In the English text of Legal Note 3(a), paragraph 6, line 2, delete one "p" from "stripped".

In the French text of Legal Note 3(b), last paragraph, line 1, replace "une" by "un".

In the English text of Legal Note 4 add "s" to "purpose".

In the French text of Legal Note 4(a), line 1, replace "terms" by "termes".

In the English text of Legal Note 6, line 1, add "s" to "purpose".

In the French text of Legal Note 6, line 3, replace "destinée" by "destinés".

In the French text of Legal Note 6(a), line 1, replace "combination" by "combinaison".

In the French text of Legal Note 7, line 2, replace "côte" by "côté".

## Chapter 62

ARTICLES OF APPAREL AND CLOTHING ACCESSORIES,  
NOT KNITTED OR CROCHETED

## Legal Notes.

\*

1. This Chapter applies only to made up articles of any textile fabric other than wadding, excluding knitted or crocheted articles (other than those of heading No. 62.12).
2. This Chapter does not cover:
  - (a) Worn clothing or other worn articles of heading No. 63.09; or
  - (b) Orthopaedic appliances, surgical belts, trusses or the like (heading No. 90.21).
3. For the purposes of heading Nos. 62.03 and 62.04:

\*

- (a) The term "suit" means a set of garments composed of two or three pieces made up in identical fabric and comprising:
  - one garment designed to cover the lower part of the body and consisting of trousers, breeches or shorts (other than swimwear), a skirt or a divided skirt, having neither braces nor bibs, and
  - one suit coat or jacket, the outer shell of which, exclusive of sleeves, consists of four or more panels, designed to cover the upper part of the body, possibly with a tailored waistcoat in addition.

All of the components of a suit must be of the same fabric construction, style, colour and composition; they must also be of corresponding or compatible size. If several separate components to cover the lower part of the body are presented together (for example, trousers and shorts, or a skirt or divided skirt and trousers), the constituent lower part shall be the trousers, or, in the case of women's or girls' suits, the skirt or divided skirt, the other garments being considered separately.

The term "suit" includes the following sets of garments, whether or not they fulfil all the above conditions:

- morning dress, comprising a plain jacket (cutaway) with rounded tails hanging well down at the back and striped trousers;
  - evening dress (tailcoat), generally made of black cloth, the jacket of which is relatively short at the front, does not close and has narrow skirts cut in at the hips and hanging down behind;
  - dinner jacket suits, in which the jacket is similar in style to an ordinary jacket (though perhaps revealing more of the shirt front), but has shiny silk or imitation silk lapels.
- (b) The term "ensemble" means a set of garments (other than suits and articles of heading No. 62.07 or 62.08) composed of several pieces made up in identical fabric, put up for retail sale, and comprising:
    - one garment designed to cover the upper part of the body, with the exception of waistcoats which may also form a second upper garment, and
    - one or two different garments, designed to cover the lower part of the body and consisting of trousers, bib and brace overalls, breeches, shorts (other than swimwear), a skirt or a divided skirt.

\*

All of the components of an ensemble must be of the same fabric construction, style, colour and composition; they also must be of corresponding or compatible size. The term "ensemble" does not apply to track suits or ski suits, of heading No. 62.11.

## 4. For the purposes of heading No. 62.09:

- (a) The expression "babies' garments and clothing accessories" means articles for young children of a body height not exceeding 86 cm; it also covers babies' napkins;
- (b) Articles which are, prima facie, classifiable both in heading No. 62.09 and in other headings of this Chapter are to be ~~classified~~ in heading No. 62.09.

5. Garments which are, prima facie, classifiable both in heading No. 62.10 and in other headings of this Chapter, excluding heading No. 62.09, are to be classified in heading No. 62.10.

## 6. For the purposes of heading No. 62.11, "ski suits" means garments or sets of garments which, by their general appearance and texture, are identifiable as intended to be worn principally for skiing (cross-country or alpine). They consist either of:

- (a) a "ski overall", that is, a one-piece garment designed to cover the upper and the lower parts of the body; in addition to sleeves and a collar the ski overall may have pockets or footstraps; or
- (b) a "ski ensemble", that is, a set of garments composed of two or three pieces, put up for retail sale and comprising:
  - one garment such as an anorak, wind-cheater, wind-jacket or similar article, closed by a slide fastener (zipper), possibly with a waistcoat in addition, and
  - one pair of trousers whether or not extending above waist-level, one pair of breeches or one bib and brace overall.

The "ski ensemble" may also consist of an overall similar to the one mentioned in paragraph (a) above and a type of padded, sleeveless jacket worn over the overall.

All the components of a "ski ensemble" must be made up in a fabric of the same texture, style and composition whether or not of the same colour; they also must be of corresponding or compatible size.

## 7. Scarves and articles of the scarf type, square or approximately square, of which no side exceeds 60 cm, are to be classified as handkerchiefs (heading No. 62.13). Handkerchiefs of which any side exceeds 60 cm are to be classified in heading No. 62.14.

## 8. Articles of this Chapter which cannot be identified as either men's or boys' garments or as women's or girls' garments are to be classified in the headings concerning women's or girls' garments.

## 9. Articles of this Chapter may be made of metal thread.

CHAPTER 62

APPENDIX

LEGAL NOTES REFERRED TO THE BOARD

**Chapter 62**

**ARTICLES OF APPAREL AND CLOTHING ACCESSORIES,  
NOT KNITTED OR CROCHETED**

**Notes.**

1. This Chapter applies only to made up articles of any textile fabric other than wadding, excluding knitted or crocheted articles (other than those of heading No. 62.12.)

2. This Chapter does not cover:

- (a) Worn clothing or other worn articles of heading No. 63.09; or
- (b) Orthopaedic appliances, surgical belts, trusses or the like (heading No. 90.21).

3. For the purpose of heading Nos. 62.03 and 62.04:

- (a) The term "suit" means a set of garments composed of two or three pieces made up in identical fabric and comprising:

- one garment designed to cover the lower part of the body and consisting of trousers, breeches or shorts (other than swimwear), a skirt or a divided skirt, having neither braces nor bibs, and
- one suit coat or jacket, the outer shell of which, exclusive of sleeves, consists of four or more panels, designed to cover the upper part of the body, possibly with a tailored waistcoat in addition.

All of the components of a suit must be of the same fabric construction, style, colour and composition; they must also be of corresponding or compatible size. If several separate components to cover the lower part of the body are presented together (for example, trousers and shorts, or a skirt or divided skirt and trousers), the constituent lower part shall be the trousers, or, in the case of women's or girls' suits, the skirt or divided skirt, the other garments being considered separately.

The term "suit" includes the following sets of garments, whether or not they fulfil all the above conditions:

- morning dress, comprising a plain jacket (cutaway) with rounded tails hanging well down at the back and striped trousers;
- evening dress (tailcoat), generally made of black cloth, the jacket of which is relatively short at the front, does not close and has narrow skirts cut in at the hips and hanging down behind;
- dinner jacket suits, in which the jacket is similar in style to an ordinary jacket (though perhaps revealing more of the shirt front), but has shiny silk or imitation silk lapels.

- (b) The term "ensemble" means a set of garments (other than suits and articles of heading No. 62.07 or 62.08) composed of several pieces made up in identical fabric, put up for retail sale, and comprising:

- one garment designed to cover the upper part of the body, with the exception of waistcoats which may also form a second upper garment, and
- one or two different garments, designed to cover the lower part of the body and consisting of trousers, bib and brace overalls, breeches, shorts (other than swimwear), a skirt or a divided skirt.

All of the components of an ensemble must be of the same fabric construction, style, colour and composition; they also must be of corresponding or compatible size. The term "ensemble" does not apply to track suits or ski suits, of heading No. 62.11.

4. For the purpose of heading No. 62.09:

- (a) The expression "babies' garments and clothing accessories" means articles for young children of a body height not exceeding 86cm; it also covers babies' napkins;
- (b) Articles which are, *prima facie*, classifiable both in heading No. 62.09 and in other headings of this Chapter are to be classified in heading No. 62.09.

5. Garments which are, *prima facie*, classifiable both in heading No. 62.10 and in other headings of this Chapter, excluding heading No. 62.09, are to be classified in heading No. 62.10.

6. For the purpose of heading No. 62.11, "ski suits" means garments or sets of garments which, by their general appearance and texture, are identifiable as intended to be worn principally for skiing (cross-country or alpine). They consist either of:

- (a) a "ski overall", that is, a one-piece garment designed to cover the upper and the lower parts of the body; in addition to sleeves and a collar the ski overall may have pockets or footstraps; or
- (b) a "ski ensemble", that is, a set of garments composed of two or three pieces, put up for retail sale and comprising:
  - one garment such as an anorak, wind-cheater, wind-jacket or similar article, closed by a slide fastener (zipper), possibly with a waistcoat in addition, and
  - one pair of trousers whether or not extending above waist-level, one pair of breeches or one bib and brace overall.

The "ski ensemble" may also consist of an overall similar to the one mentioned in paragraph (a) above and a type of padded, sleeveless jacket worn over the overall.

All the components of a "ski ensemble" must be made up in a fabric of the same texture, style and composition whether or not of the same colour; they also must be of corresponding or compatible size.

7. Scarves and articles of the scarf type, square or approximately square, of which no side exceeds 60cm, are to be classified as handkerchiefs (heading No. 62.13). Handkerchiefs of which any side exceeds 60cm are to be classified in heading No. 62.14.

8. Articles of this Chapter which cannot be identified as either men's or boys' garments or as women's or girls' garments are to be classified in the headings concerning women's or girls' garments.

9. Articles of this Chapter may be made of metal thread.

#### B. The Board's Analysis and Recommendations

The Board did not receive any specific proposals concerning the Nomenclature or rates of duty of Chapter 63.

---

\* Indicates that goods under the present tariff item are classified only to this Chapter.

The Board reviewed the rates of duty of goods covered by Chapter 63, and recommends that items 6302.40.00, 6302.52.00, 6302.59.00, 6302.92.00 and 6304.19.00 of the proposed Schedule be modified to reflect the current MFN rates of duty of tariff items 54310-1 and 54321-1 as they meet the Board's criteria. The relevant rate and related nomenclature recommendations are listed below:

				MFN Rate
Delete the rates of duty under 6302.40.00 and add the following:				
6302.40.10.00	---Wholly of flax or hemp . . . . .	kg		11.3%
6302.40.90.00	---Other table linen . . . . .	kg		25%
Delete the rates of duty under 6302.52.00 and add the following:				
6302.52.10.	---Wholly of flax . . . . .			11.3%
10	-----Tablecloths . . . . .	kg		
20	-----Tablecloth and serviette sets . . . . .	kg		
90	-----Other table linen . . . . .	kg		
6302.52.90.	---Other . . . . .			20%
10	-----Tablecloths . . . . .	kg		
20	-----Tablecloth and serviette sets . . . . .	kg		
90	-----Other table linen . . . . .	kg		
Delete the rates of duty under 6302.59.00 and add the following:				
6302.59.10.00	---Of hemp or partly of flax . . . . .	kg		20%
6302.59.90.00	---Other . . . . .	kg		22.5%
Delete the rates of duty under 6302.92.00.00 and add the following:				
6302.92.10.00	---Wholly of flax . . . . .	kg		11.3%
6302.92.90.00	---Other . . . . .	kg		20%
Delete the rates of duty under 6304.19.00.00 and add the following:				
6304.19.10.00	---Wholly of flax or hemp . . . . .	No.		11.3%
6304.19.90.	---Other . . . . .			25%
10	-----Of cotton . . . . .	No.		
20	-----Of polyesters . . . . .	No.		
30	-----Of acrylic or modacrylic . . . . .	No.		
90	-----Of other textile materials . . . . .	No.		

Furthermore, the proposed Schedule reveals that window shades mounted on rollers would enter at 22.5%, 25% and 25% MFN under 6303.91.00.90, 6303.92.00.99 and 6303.99.00.90 respectively compared to 20 p.c. MFN at which

they enter presently under tariff item 57600-1. While the Board favours maintaining the present lower rate for these shades, this provision is recommended instead under Chapter 39, "Plastics and articles thereof", as being the more appropriate place for these window shades, because the dominant material at present is plastic or plastic-coated fabric.

The Board further recommends the deletion of the Supplementary Note at the beginning of the Chapter and the insertion of the sub-Chapter titles in the Schedule proper.

#### B. The Board's Analysis and Recommendations

The Board did not receive any specific submissions concerning the goods covered by this Chapter. The Board's analysis revealed only one instance 6406.99.90.30 "Shoe bottoms" 14% MFN, a change in the rate of duty from that provided in the Customs Tariff, item 61800-1 "... all manufactures of rubber and gutta percha, n.o.p.", 10.2 p.c. MFN. Shoe bottoms meets the criteria for consideration of restoration of the current MFN rates in the proposed Schedule as they represent \$5.6 million of imports during the base period 1980-82. The Board recommends that the 10.2 p.c. MFN rate and the nomenclature be restored in the following manner:

---

\* Indicates that goods under the present tariff item are classified only to this Chapter.

MFN  
Rate

6406.99.20.00 ---Shoe bottoms of rubber . . . . . pair 10.2%

The Board further recommends the following adjustments to the Legal Notes at the beginning of the Chapter to correspond to the current official text of the HS.

In the English text of Legal Notes 2 and 3, line 1, add "s" to "purpose".

In the English text of Subheading Legal Note 1, line 1, add "s" to "purpose".

In the English text of Subheading Legal Note 1(a), line 2, add a comma preceding "spikes".

In the English text of Statistical Note 1 add "s" to "purpose" and replace "covers" by "means".

In the French text of Statistical Note 1 replace "couvre" by "signifie".

Delete the Supplementary Note and replace it by Canadian Legal Note 1 as follows:

Canadian Legal Note 1

"For the purposes of tariff items 6404.11.10. and 6404.19.10., the expression

- (a) "Canvas" means a heavy, plain weave fabric, tightly woven, of cotton, flax, jute or hemp, of a weight of 200 g/m<sup>2</sup> or more, excluding coatings or laminations;
- (b) "Sole" means everything below the wearer's foot and must be made entirely of rubber with the exception of the sock-lining, the insole and the lasting board which may be made of any material."

#### B. The Board's Analysis and Recommendations

The Board did not receive any specific submissions or proposals regarding the Nomenclature and rates of duty for Chapter 65. There are, however, some MFN rate changes in the proposed Schedule which meets the Board's criteria for restoration of current MFN rates. These are dealt with in the following manner:

---

\* Indicates that goods under the present tariff item are classified only to this Chapter.

Imports presently entering under tariff items 56905-1 and 56910-1, at 20 p.c. MFN have, in part, been allocated to headings 65.01 and 65.02 providing Free entry under the MFN. Free entry is the result of the integration of four end-use tariff items, 56920-1, 56945-1, 56950-1 and 56955-1, all at Free, into the proposed Schedule where these items accounted for the preponderance of trade. These end-use items cover "hoods and shapes used in the manufacturing of hats", goods provided for in the two aforementioned headings. Some of these intermediate products appear to enter under tariff items 56905-1 and 56910-1, as mentioned, at 20 p.c. MFN. The Board does not recommend, in this instance, that these rates be restored. The predominant rationale of the Customs Tariff is that all inputs for making hats should enter Free, and the proposed Schedule recognizes this.

The Board, however, recommends that the MFN rate of duty of 20 p.c. for goods currently entering under tariff item 56915-1, and accorded to 6506.99.00.00 with a proposed rate of 15.1%, be restored as follows:

MFN  
Rate

Delete the rates of duty under 6506.99.00.00 and add the following:

6506.99.10.00	---Of paper, leather or feathers . . . . .	doz	10.3%
6506.99.90.00	---Other . . . . .	doz	20%

SUPPLEMENTARY ANNEX

### THE SUPPLEMENTARY ANNEX

A Supplementary Annex covering goods pertaining to Chapters 25 to 67 accompanied the draft tariff Schedule received from Finance. It lists eight-four current tariff items without changes in texts (Appendix 2). A second version (Appendix 3), prepared by National Revenue, was also supplied. In the latter, the items are written using HS terminology and, as certain current tariff items were collapsed or regrouped, only eighty-one items are listed.

It should be recalled that in the letter of reference the Board was asked to examine whether the items in the Annex could be incorporated into the main body of the draft Schedule. The letter goes on to say: "in this regard, the Board should take account, inter alia, of the need for individual items under current economic circumstances, the importance in trade terms of imports of individual products under items of broad coverage, and alternate ways of providing for these items if their incorporation into the schedule is not deemed feasible at this time". The Board informed the Minister at that time that, in view of the December 31, 1985 deadline, it would be impossible to carry out this request. Therefore the Board has confined its study of the Supplementary Annex to terminology and ease of use by importers and Customs officers. The Board will undertake the investigation on the incorporation of the Annex items into the draft Schedule proper as the final stage of this inquiry to be commenced early in 1986.

In the interim, the Board has concluded that, with a few exceptions (see page 3), items should not be listed in the Schedule proper but retained in the Annex. To do otherwise would make the tariff schedule cumbersome as most provisions would require the insertion of numerous, repetitive tariff lines.

For the purpose of this report, the Board created two cross-references; both show the relationship between the current tariff and the Board's recommended Supplementary Annex (Appendix 1). These cross-references appear as Annex 1 and 2 hereto.

### ORDER OF ANNEX ITEMS

An examination of both versions of the Annex has led to the conclusion that specific items are difficult to locate. In order to assure the proper administration of the Supplementary Annex by Custom officers and to facilitate a search by the importing community, the Board recommends that the items of the Annex be regrouped and that the first digit of their four-digit code be used to identify goods or industries. The Board therefore recommends the first page of Appendix 1.

## TEXTS OF ANNEX ITEMS

The two versions received from the Department of Finance are considerably different in their approach to identifying goods. In Appendix 2, the current tariff items are listed without a change in wording and, therefore, without a modification in scope. In Appendix 3, however, the texts of the items are rewritten in HS terminology and relevant HS classes are added in the description of goods.

Keeping in mind that the description of goods in the Annex are to be regarded as legal texts, the inclusion of HS classes therein may enlarge or restrict the scope of the original items. Without a proper economic study, the Board cannot declare with certainty whether or not the inclusion of HS classes will modify the scope of an item and, if so, whether or not the change will have a positive or negative effect on an industrial sector or an individual company. Only a separate study on each end use provision could give such assurances. In any event, if the aim of the exercise was merely to assist users in relating individual Annex items to the classes of the Schedule proper, the method shown in Appendix 1 ("usual classes" column) would serve that purpose without modifying the scope of items.

With regard to the modifications of the texts in favour of HS terminology, the Board did see a need to amend slightly certain descriptions of Appendix 2. A review of each item revealed that, to have a proper alignment on the terminology of the HS, the texts of some should be modified by either adding or deleting a comma, changing "and" to "or" (or vice-versa), inserting HS classes instead of current classes (for example, "93901 to 93905" in 19755-1 or "20605-1, 20610-1 and 20615-1" in 20620-1) or making other minor amendments which, in the opinion of the Board, do not modify the scope of items.

The Board therefore recommends the amended texts of the current tariff items without specifying relevant HS classes in the description of goods, as shown in Appendix 1. It should be noted that the four recommended Annex items from the report on Phase 1 have been incorporated, i.e. Nos. 1011, 1021, 2083 and 3011.

## DELETIONS OR ADDITIONS

In the opinion of the Board, six items can be deleted from the Supplementary Annex and listed in the Schedule proper. They are:

<u>Current Tariff Item</u>	<u>HS Class</u>
19205-1	4804.41 4805.29 4805.70
19240-1	4805.50
19265-1	4823.70
26310-1	2914.19 2932.12 38.23
56520-1	59.09
61820-1	4008.21

On the other hand, the Board considers that one item should be added to the Annex, i.e. 5034 (see narratives of Chapters 61 and 62).

Tariff item 61625-1 was deleted from the Supplementary Annex. The Board believes that the goods of this end use provision can only be classified in heading 40.04 which is also at Free in the draft Schedule.

Tariff item 89900-1 was deleted from the Supplementary Annex. It is the opinion of the Board that to include this item in the Annex is a direct contravention of Article 3(1) of the International Convention on the Harmonized Commodity Description and Coding System. Signatories to the Convention must classify all imports according to the subheadings of the HS in their Customs Tariff and statistical nomenclatures. This means that the chemicals and chemical preparations of 89900-1 will henceforth have to be classified in their appropriate classes in the HS. To do otherwise would be opposite to the terms of the Convention. The Board recognizes the aim of current item 89900-1 but such an item cannot exist in the Annex or in a tariff schedule based on the HS.

	<p>NOTES</p> <p>The word "forcing" refers to an accelerated program of cultivation wherein plants are grown outside their usual or normal season. In addition, the term is applied to a process of cooling and heating cycles which simulate the growing and dormant conditions of nature.</p> <p>The expression "growing on" has two meanings. The first is that of a "controlled process" (to the extent that the plants may be protected and watered) over a period of time during which the natural growth of a plant from one stage in its life cycle to the next stage occurs. Secondly, it is that "controlled process" over a period of time whereby plants may be conditioned to their environment.</p>
